Marketing Description

This 59,141 SF commercial site offers excellent land redevelopment potential along Martin Luther King, Jr., Blvd. in Southeast Houston. It features approximately 100 feet of frontage on Martin Luther King, Jr., Blvd. with over 9,527 vehicles per day (TxDOT, 2021), providing consistent visibility in an established corridor. It is also located in Flood Zone X, which adds stability for investors.

Previously operating as a car wash, the site benefits from existing commercial utility infrastructure and an established use history, making it well-suited for redevelopment or repurposing. The generous lot size and frontage allow for a variety of potential uses, including retail, automotive, or multifamily.

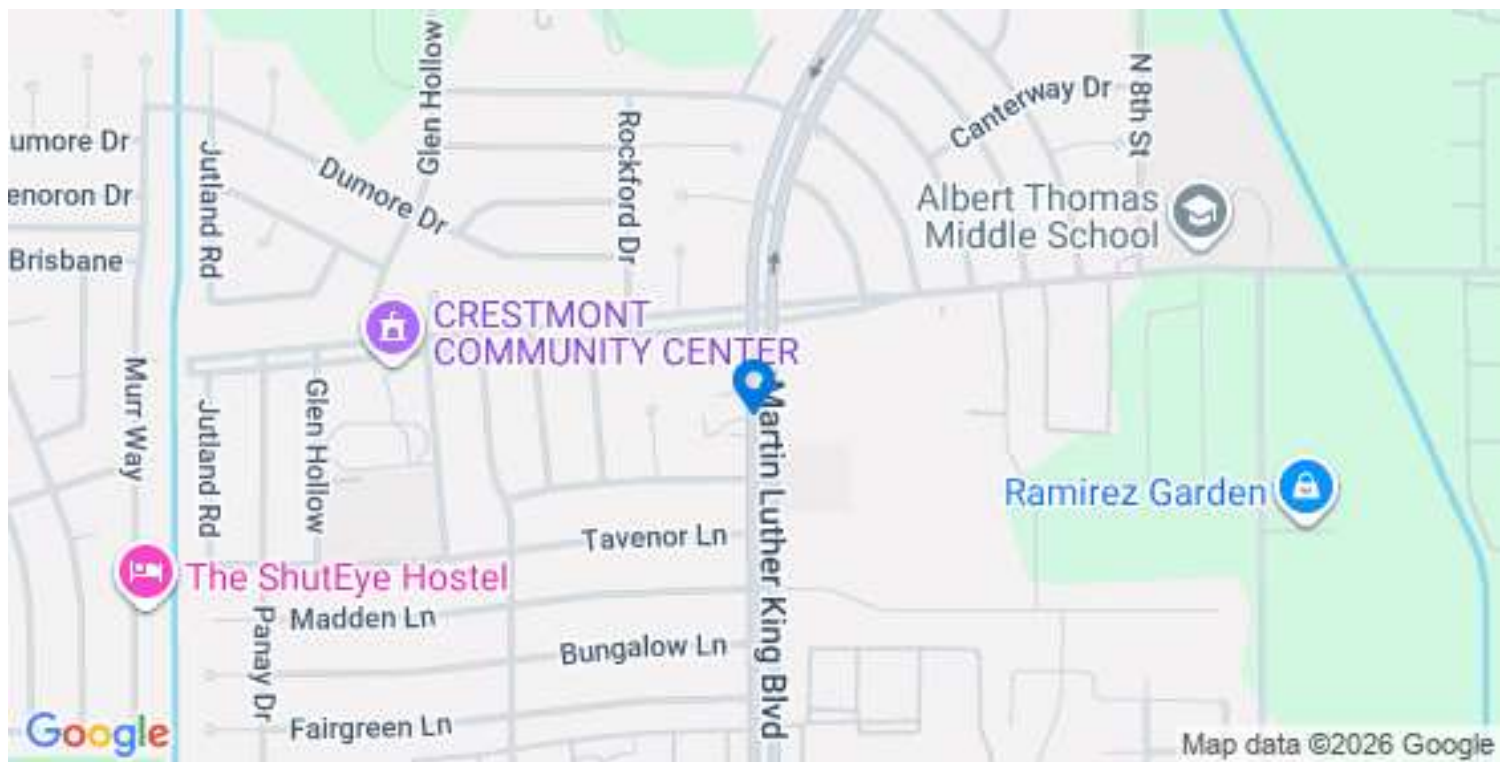

The property’s strategic location provides convenient access to State Highway 288, Beltway 8, the I-610 Loop, and State Highway 35, ensuring strong connectivity throughout the Greater Houston area. Surrounded by residential neighborhoods and local commercial activity, this site presents a compelling opportunity to acquire land with flexible potential in a growing Southeast Houston submarket.
