- Convenient access to Highway 6 and US-290.
- Owner/user profile provides flexibility for an operating business acquisition or repositioning strategy.

Operating Business

The listing markets the property together with an established dry-cleaning business. For acquisition analysis, the buyer should separate the value of the real estate from the value of equipment, inventory, goodwill and other business assets. Historical business financial statements, tax returns and an equipment schedule should be reviewed before assigning value to the operating company.

Environmental Consideration

Because dry-cleaning operations may involve regulated solvents and chemicals, environmental diligence is especially important. A Phase I Environmental Site Assessment should be obtained, and any recognized environmental conditions should be evaluated by qualified environmental professionals before closing.

Acquisition Due-Diligence Checklist

Business Financials	Request 3 years of P&Ls; and tax returns, current YTD financials, sales reports and bank support.
Real Estate / Business Allocation	Determine the portion of the asking price attributable to land/building versus equipment, inventory and goodwill.
Equipment	Obtain a complete equipment list, age, condition, maintenance history and proof of ownership or financing.
Rent Roll	Confirm both units, current rents, lease terms, expiration dates, options, deposits and reimbursements.
Operating Expenses	Verify taxes, insurance, utilities, repairs, CAM and other ownership expenses.
Environmental	Complete Phase I ESA and follow-up testing if recommended.
Title / Survey	Obtain current title commitment, survey and review easements and restrictions.

Location & Access

The property is located in Northwest Houston within the Copperfield / Cypress trade area. The listing emphasizes a corner location at or near Barker Cypress Road and FM 529, with regional connectivity to Highway 6 and US-290. The surrounding area includes dense residential neighborhoods, retail activity and neighborhood-serving commercial uses.
