Sub Type	Commercial, Residential, Shopping Center	Lot Size (acres)	10,000

Marketing Description

The 10,000 sq/ft land parcel at the corner of Yale St and Blueberry St in Houston's Independent Heights neighborhood presents a compelling investment opportunity due to its prime location in a high-growth area near the Heights district.

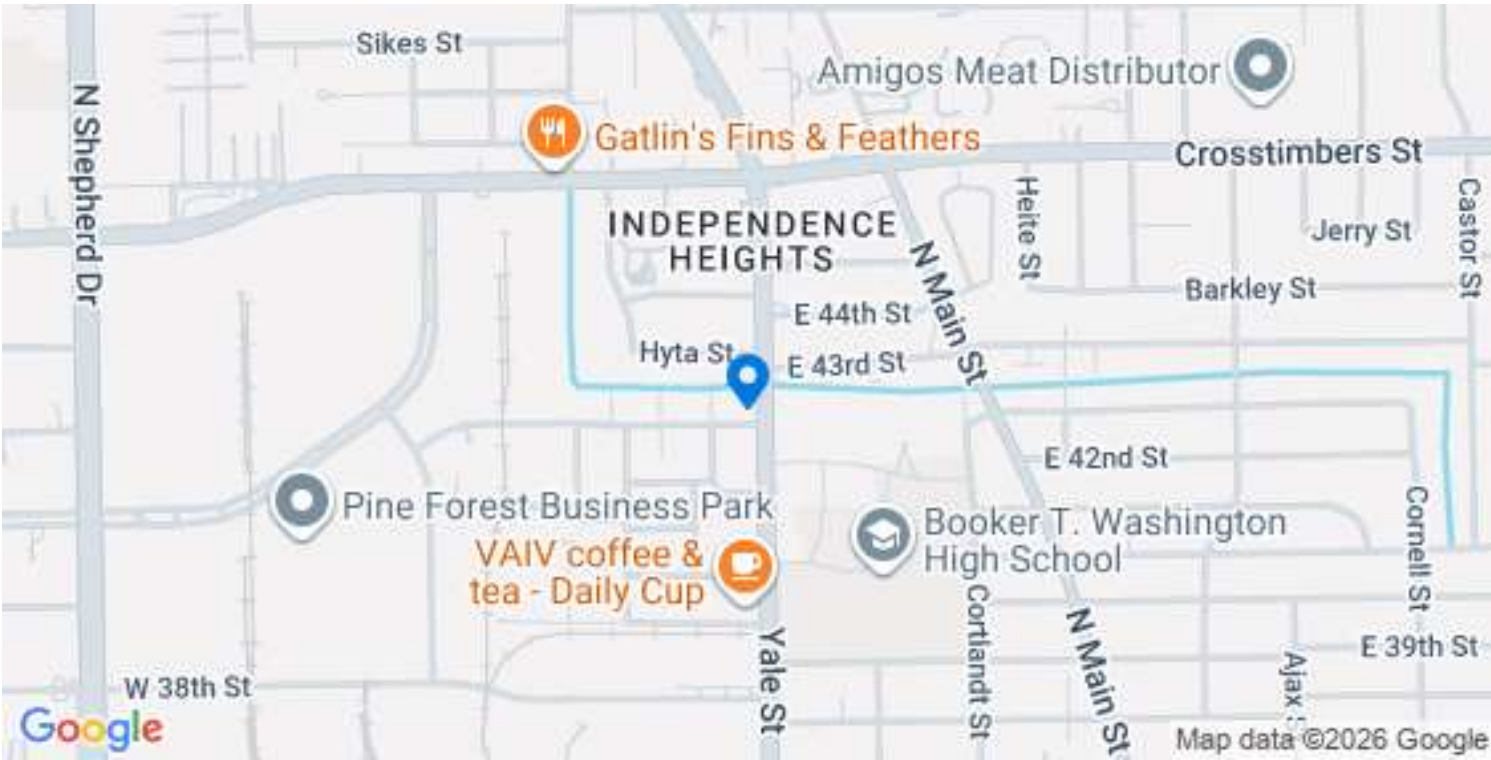

The area features ongoing commercial and residential expansion, with cleared lots nearby commanding premiums over 30% above metro averages due to limited supply. Zoned flexibly for development, this corner site offers high visibility for retail, multifamily, or office uses amid Houston's inner-loop demand.

Investment Highlights

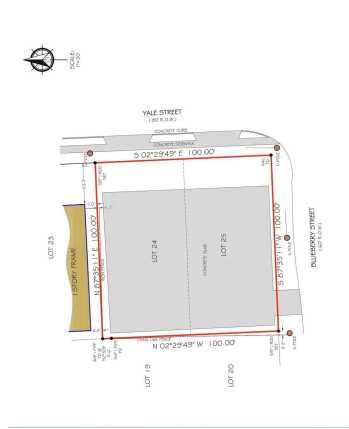

Independent Heights benefits from proximity to vibrant retail, dining, and residential developments in the Heights, Garden Oaks, and Oak Forest areas, all within 2 miles. Easy access to the 610 Loop (1.16 miles south), I-45 (1.25 miles east), and N Shepherd Dr enhances connectivity for commercial or mixed-use projects. Nearby amenities like the Whole Foods 365 at Yale and 610 further boost foot traffic potential. With 10,000 sq/ft (approx. 0.23 acres) at a signalized corner, ideal for ground-up builds.

Low taxes relative to value, historic charm blended with modern retail growth, and proximity to downtown (under 3 miles).
