EXECUTIVE

SUMMARY

The Offering

Jones Lang LaSalle Americas, Inc. (“JLL”) is pleased to present Braes Link Shopping Center (the “Property”), a 39,064-square-foot, 100% leased neighborhood retail center situated within an affluent and supply-constrained infill trade area in Houston. Located along Stella Link Road with strong visibility and convenient access to Braeswood Boulevard, the Property benefits from attractive vehicular traffic counts and a dense surrounding residential base, including West University, Bellaire, Braeswood Place, and Southside Place—well-established submarkets characterized by strong demographics and limited new retail development. Braes Link Shopping Center is anchored by long-tenured, necessity- and service-oriented tenants, highlighted by Walgreens, and features exceptional tenant commitment with a 16.7-year weighted average tenure and a 15.2-year weighted average remaining lease term. Recent capital investment, including the replacement of the back strip building roof in 2025, positions the Property with limited near-term major capital expenditure requirements, while providing investors with durable cash flow, downside protection, and a 19.6% mark-to-market opportunity driven by in-place rents that remain below current market levels.

Durable Tenant Commitment Anchored by Walgreens with Embedded Mark-to-Market Upside

Braes Link Shopping Center offers durable in-place cash flow anchored by Walgreens, the property's largest tenant and long-term cornerstone, effectively functioning as a true neighborhood anchor. This commitment is supported by a sticky, service-oriented tenant base with long operating histories, resulting in a 15.2-year weighted average remaining lease term. Additionally, near-term lease rollover at approximately **19.6% below-market rents and limited renewal options** provides a clear, organic path to NOI growth.

LONG TERM-ANCHOR ACCOMPANIED BY STRONG UPSIDE IN THE NEAR-TERM ROLLOVER

Compelling Mark-to-Market Opportunity with 23.5% of Tenants Expiring without Options by Year 5

Braes Link Shopping Center offers a significant rent-growth profile, anchored by a 19.6% average mark-to-market opportunity across the tenant base. Notably, 23.5% of total leased square footage—represented by four tenants—expires without options by Year 5 and is leased at a weighted average of approximately 26% below market, creating meaningful near-term re-leasing upside. In addition, lease terms across the center are landlord-favorable, with 93.5% of tenants scheduled to expire without renewal options.

Strong Visibility with Dense Traffic Drivers

Situated along Stella Link Road near Braeswood Boulevard, Braes Link Shopping Center benefits from consistent daily vehicular traffic, excellent visibility, and convenient neighborhood access. These attributes position the center as a dominant local retail destination and support strong tenant sales driven by repeat visitation from nearby affluent residential communities.

Embedded, Neighborhood-Serving Retail

Braes Link Shopping Center is leased to a complementary mix of service-oriented and necessity-based tenants that directly cater to the surrounding residential community and daily consumer needs. This embedded tenant profile drives recurring foot traffic, supports long-term tenant retention, enhances sales durability, and reinforces the center's relevance within a supply-constrained Houston infill retail corridor.

Square Feet: 2,527

% of RBA: 6.47%

Base Rent PSF: \$29.70

Lease Expiration: 6/30/30

Website: f45training.com

F45 Training is a nationally recognized boutique fitness concept offering high-intensity group workouts. The location serves nearby residents, reinforcing consistent daily foot traffic and the center's health- and service-oriented positioning.

HOUSTON

OVERVIEW

Houston Retail Overview

Houston's retail market remains resilient despite lingering concerns of a softening economy and a subsequent pullback in consumer spending. As of 2025 year-end, the market's trailing 12-month total for retail space absorbed remains among the top two major metro areas in the U.S. as its growing population continues to bolster consumer spending. Increasing demand for space has been primarily driven by discount stores, quick-service restaurants, and fitness users.

INVENTORY AND CONSTRUCTION

A key driver behind Houston's tight retail market has been a disciplined construction pipeline. The number of construction starts fell to an all-time annual low in 2023 meaning the pipeline should be much lighter in the quarters ahead, further limiting the supply and pushing rent growth as a result of growing demand.

NET ABSORPTION

Aided by a slowdown in move-outs, pent-up demand and new store openings, Houston absorbed 3.3 million SF of space in the past 12 months, as of Q3 2025, primarily driven by newer properties delivered in the last five years.

RENTAL RATES

Positive trends in leasing and absorption have driven average asking rents higher, and trailing 12-month growth stands at 3.2%, which compares to the national average of 3.1% and Houston's long-term average of 3.0%.
